pensions by reason of the civil war is state o have airendy reached \$500,781,950. Mr. Berry of California wants congress to

bolish the state of Nevada and make its territory a part of the state of California. The senate has voted to grant a company Maryland capitalists the privilege of laying nother ocean cable between the United State

In the matter of payment of Garfield's sick ess and funeral expenses, it is proposed by be sens to limit the compensation for medcal services to \$25,000 and the other awards o \$54,500, and to restrict the time for he consideration of all claims to the present

> Steamer Scioto Sunk. GREAT LOSS OF LIFE.

ear.

The Ohio river steamer Scioto with 500 pa sengers coilided with the John Lomas half a mile from Mingo Junction. The Scioto wa going up the river under a full head of steam end the pilot whistled for the channel but owing to some misunderstanding both took the same side, the Lomas striking the Scioto and sinking her in three minutes from the time of the collision. The scenes on the Scioto were heartrending, but the Lomas only slightly disabled went to work at once to save those on board the unfortunate boat. The first reports of loss of life stated fifty at least were drowned, but it is hoped this number is less as many were saved, whose names were unknown: The list of missing are as follows: Wellsville John Stevenson, aged 25 years: David Fago, 21 years; Belle Brandon, Sallie Kiddy, E. P. Smith, wife and two children, Willie Ewing, Charles East Liverpool, Irone Farmer, Cit Thompson, 19 years, Lincoln Thompson, 25, Annie Bootk, Carrie Beardman, M. E. Estine and wife, Willie Gibson and wife, Dr. Stevenson and three men. named respectively Kennett, Woods and Burke, Lew Barper of Weiisville was fatally hurt. Many think the list of the lost is more likely to be swelled than diminished. When the steam er is raised many more bodies will be recov-

The body of Guiteau has been quietly moved ed with eastern houses to build four hundred in the dead of night to the army medical muse um, Washington. The doctors at the museum say that the body will be carefully dissected and the skeleton afterwards preserved and placed on exhibition at the museum building.

Fire is reported in Johnson & Arneson's furniture factory Chicago, loss \$90,000; Ever son's shoe factory South Abington, Mass., lose \$50,000; at 49 Federal St. Boston, loss \$50,000; the Paraffine candleworks, New York, loss \$200,-

In the burning of Hoffmans paper mili Ore gon, N. Y. three men lost their lives.

A torondo struck Columbus, Kans., Wednes day night. Trees and buildings were demoiished and two men killed.

The probability is that the freight handlers' strike will be compounded within a week or ten days. Roscoe Conkling, attorney for the N. Y. Central and Loomis attorney for the Erie ask adjournment of the argument in the suit of merchants to compel the rathroads to de-

Boats, cannon and grappling books are brought into requisition in the Sciota disaster which was one of the most fatal on record. The death roll already foots up 75. The boat will probably be raised to-day (7th).

Thomas Edgar, accountant of the Bank foronto, has abscopded with about

W. H. Smith, teller of the Bank of Rochester, N. Y. while visiting in the west suddenly disappeared and no trace of him leads to fear that he has been murdered and robbed, as he had considerable money with him. A band of train robbers, operating along

the line of the Iron Sountain radroad, has been broken up by the capture of some of its members at Poplar Bluffs, Missouri. Incorporators of the Garfield monument as

sociation have chosen trustees, Gov. Chas. Foster of Obio being chairman. Funds contributed to date, \$120,000.

The number of bodies recovered from the Scioto disaster make it evident that a hundred or more perished.

Rev. W. J. Spaugh having corrected some young Indians in school near McAllister, Ind. Ter., incurred their batred. As a result, he was found murdered, evidence showing, a determined resistance.

Wm. T. Young's planing mill, New York, burned at \$40,000 loss.

Engineer Melville telegraphs for permission to come home. He has had enough Arctic experience.

Affairs in the Massachusetts state prison are unsettled. The prisoners are rebellious for not being allowed two hours holiday liberty on the Fourth, and declare they will continue riotout until their request is granted. They openly affirm intention to kill Warden Barle. Sixty and more are on a diet of bread and water with more rigorous disciplina.

The Albemarle Fertilizer Company, New York, suspends It was incorporated 1880

with \$2,500,000 capital. R. S. Montgomery, President of the Shelby. ville, Tenn., tational bank, arrested for swind-ling a St. Louis firm out of \$10,000 has surrendered himself and given ball in the sum of

Judge Harian of Chicago, decides the city has the right to close the bridges and cause vessels to lay up for an hour every morning and evening. The effect of the decision is to put a stop to the great annoyance of swinging bridges at the two busiest periods of the day. Emory A. Storrs goes to Europe as coupse

for the American cattle shippers and to mitigate the prejudice of European laws against American beef and the export trade. President Arthur, Secretary Frelingbuysen and Gen. Grant have given him a rousing send off.

## CONGRESS.

July 1-In the Senate Mr. Saunders reported a bill to establish the Territory of Pembina and providing a temporary government therefor. Calendar. The Senate went into com-

mittee on the Legislative, Executive and Judione of its most prominent busin ess men. Fie cial Appropriation bill. After discussion the is well known to the grain and commiss on bill as amended was reported to the Senate and passed. A bill was passed to further reg-ulate the investment of the Pacific railroad sinking fund. (It permits the Secretary of the Treasury to invest the sinking fund in first mortgage thirty-year bond of the Union Pacificand Central Pacific Ballroads.

In the House Mr. Kelley asked and obtained consent to report from the Committee on Ways and Means a joint resolution authorizing the Secretary of the Treasury to issue \$200,000,000 in two per cent. bonds or certificates in exchange for bonds bearing a higher rate of ineresi. Senate bill to authorize the construction of a bridge across Sault Ste. Marie River was passed. The bill to repeal so much of section 3385, of the revised statutes, as imposed a tax on tobacco was passed. The Speaker laid before the House a message from the President, returning without his approval, the bill to regulate the carriage of passengers by

July 3.-Senate bill authorizing the sale of timber on certain lands reserved for the use of Menominee Indians of Wisconsin was passed. The bill to amend section 2325 of the revised statutes of the United States touching the issuance of patents for mineral lands wa called up. The purpose of the bill was to cor rect the abuse growing out of the filling of fraudulent protests or pretended protest against issuing patents and obstructions to granting tiles to mining claims as a means of extorting blackmail from persons seeking patents. It provides that where there is failure to sustain by proof the allegations of the protest, the party making the same shall pay the costs and expenses of the proceeding. The General Deficiency Appropriation bill was proceeded

In the House Messrs. Cannon, Hiscock and Atkins were appointed conferees on the Legislative Appropriation bill. Senate bill ratifying the agreement with the Crow Indians for the sale of a portion of their reservation in Montana required for the Northern Pacific Rairroad Company was passed. Also the bill Davidson, 12 years old, Joseph Conner, 21. appropriating \$50,000 for the erection of a public building at St. Joseph, Mo., the ultimate cost of which shall not exceed \$86,000. The Senate bill providing for the erection of Parrell, John Christy, John Tonninson, Jacob | public buildings at Harrisonburg and Abingdon, Va., and apppropriating \$50,000 each for that purpose. Also the Senate bill for a publie building at Terre Haute, Ind.

July 6.-Yesterd y in the Senate Holliday, who was formerly a mail contractor in the west, had most of his property destroyed by Indians and his claim as originally filed called for over \$600,000, the committee reports in favor of giving him a little over \$300,000. Action will probably be taken this week. Among the confirmations were Dyman G. Wilcox, Detroit, receiver of public moneys, and Hezekiah G. Wells of Kalamazoo, presiding judge of the court of commissioners on the Alabama claims. The subjects of revising the duty on manufactures of hoop, barrel and scroll iron, a new system of bankruptcy, the creation of the territory of Pembins and the river and harbor appropriations were thoroughly discussed but no decisive action was taken on any of them.

The Heuse debate and action on divers amendments to the navai appropriation bill, in committee of the whole, occupied the time but without final disposition when adjournment was voted.

July 6 .- In the House the sundry civil appropriations were up in committee of the whole yesterday. Mr. Bayne, the Republican member from the twenty-third Pennsylvania district, gave the present administration a lively combardment. Comparing it with the one cut short by the assassip's shot he said: Garfield b lieved in the reign of law; the present executive in personal government. The naval appropriation bill was passed by vote standing year 119, nays 75. All the amendmends previously agreed to in committee of the measure before its passage. Much excite ment was occasioned by an exchange of peronalities between Mr. Robeson (Rep) of New Jersey and Mr. Whitthorne (Dem) of Tennessee. In closing the debate on the naval bill Mr. hobeson made a vigorous onslaught upon one of his "persecutors." Mr. Whitthorne defended himself and proceeded to deny its accuracy in general and in detail,

The Senate took favorable action on nearly all the amendments proposed by the commerce committee to the river and harbor bill, laciading the increased appropriation for Michigan works. Upon the Hennepin canal project a long and earnest discussion arose, the opposition to the canal being very persistent. Senator Conger advocated the appropriation for this work, but no test vote on the main question was reached.

## FOREIGN.

The Hanlan-Ross race was not rowed at Winnipeg, as announced. The deposits were withdrawn, and Ross goes to England to row Boyd, while Hanlau goes to Australia to regain his health.

Alarm is felt at Alexandria on account of a threatened exchange of shots between the forts on the coast and the English iron ciads. The conference continues its sittings at Constantinople, but its doings are kept secret.

## WAR.

Arabi Pasha Will Fight Turkey, England, and All Europe.

The Egyptians are dispatching large store and ammunition to forts on the coast Twenty thousand arms have been distributed to various military centers in readiness for arming the reserves. The distribution of 20,000 more is ordered. The English and French admirals have asked their governments to authorize bombardments of the forts unless the works are stopped. Arabi Pasha returned from Cairo and expressed his intention of fighting Turkey, England, and all Europe. He says the occuliar construction of the forts will enable them to repel the landing of 20,000 men. Fighting may begin at any moment.

A statement made in the house of lords would sem to show that Cetawayo would soon be restored to the Zulu throne.

In the house of commons, on motion of Mr Giadstone, urgency was roted on the repression bill, and the Irish members, with the exception of three, withdrew from the house and from further consideration of the bill.

The British government announces that the reserves will be called out on the 10th. The first English army corps, consisting of three

divisions and comprising 15,000 troops from England and 10,000 from India. will take an active part in the military operations in Egypt. The artillery will be supplied for land operations by the Mediterranean fleet. Large shipments of war munitions have been ordered is seen a little higher up than Jupiter. for immediate transportation to Egypt.

Preparations for war continue in Great Britsin. The preparation of tubular wells capable of supplying 2,500,000 gallons of water daily has been ordered. The British consulate has been removed outside the barbor; also all the Europeans formerly abourd the men ofwar have been removed beyond the reach of shells, thus leaving the narbor in sole possession of the fleet. Work on the f rifications at Alexandria, has been stopped. During a tles of the Oil fully cured him. - Cincinreconneissance ninety-eight guns were observed bearing on the harbor.

A Montenegrin aimed a pistol at the Kin dive, but was solved before he could fire. He declared he mistook the Khedive for Arabi Puel a.

Three thousand Egyptians under Gen. Yussuf attacked the False Prophet at Soudan. The Egyptians lost 2,000 men, four guns and 3,000 rifles. The False Prophet, with 7,000 men is marching on Slamar.

The Sultan has consulted Gen. Wallace as te how he could satisfy the powers without prejudicing his rights.

It is stated that 9,000 copies of a revolution ary prociamation printed by the secret pres and signed by Nicholas Constantinovich, cons in of Emperor, have been discovered at th Ministry of Marine. Immediately after the discovery the director of the department committed suicide.

Illustrating the natural adaptation and wit of the colored race, Dr. Allen, Secretary of the Board of Missions for the Freedmen, of the Presbyterian Church, whose father was a slave-holder, related a circumstance in the General Assembly, of the church held in Spring-field, Ill., last week, which had come under his own observation: A little colored boy was brought before the overseer to be whipped. He had been in his watermelon patch.

"What were you there for?" asked the overseer.

"I wasn't stealing your mellions,"
was the answer; "I was prayin'."
"Prayin', were you? Well, I want to hear you pray now. Down on your knees and get at it. Pray, or you'll get the cowhide."

The boy saw he was cornered, but his wit saved him. Kneeling down, he raised his eyes and clasped his hands toward heaven and offered the following petition: "Lord dismiss us with Thy blessing."

Outline embroidery on crash, ponge or linen will remain the favorite needlework for idlers in the country during midsummer weather.

RHEUMATISM.—There has been no medicin introduced for rheumatism, that equals Durangs' Bheumatic Bemedy.
